

CAMP COUNTRYSIDE

Owner Agreement

As a condition of using our services for your pet, the following Owner Agreement must be signed. By choosing to utilize the services and have your pet participate in activities at Camp Countryside. By signing this document, you are agreeing to and understand the following:

1. I understand and agree that Camp Countryside will determine if my dog passes the initial behavior assessment. If he/she does not pass the assessment, for safety of all involved, they cannot participate in the group play.
2. I further understand and agree that Camp Countryside has the right to dismiss my dog from doggie daycare for any reason.
3. I understand and am aware of the inherent risks of dogs interacting in a social play group setting. These risks include but are not limited to infectious diseases, minor traumas, cuts and abrasions, and bite wounds.
4. I further understand and agree that there are risks and benefits associated with group socialization of dogs. I agree that the benefits outweigh the risks and that I accept the risk. I understand that while the socialization and play is closely monitored by Camp Countryside Staff, it is possible that during the course of normal play my dog may receive injury from roughhousing with other dogs. I understand that I will either receive a phone call regarding any injuries to my dog that require treatment or will be told about any minor injuries by staff upon pick-up.
- 5. I understand that I am solely responsible for any and all medical expenses incurred as a result of injury to my dog while at Camp Countryside.**
6. I further understand and agree that Camp Countryside and their staff will not be liable for any problems that develop, provided reasonable care and precautions are taken, and I hereby release them of any liability of any kind whatsoever arising from my dog's attendance and participation at Camp Countryside.

Media Release:

Please select if you approve or decline to give Countryside Veterinary Hospital permission to use your pet's photos as outlined below:
